SUMMARY

UI/UX Designer with a background in Apparel Design with experience with visual design and working collaboratively with cross-functional teams. Skilled in creating visually stunning User-Centered Designs for mobile and web, with usability and accessibility as the foundation. Committed to bringing beneficial solutions and ease to as many users' lives.

WORK EXPERIENCE

Designer

Dick's Sporting Goods
2019-2022

- Designed and managed multiple apparel lines concurrently under rigorous time-frames, worldwide factory shutdowns, and raw material and shipping delays
- Worked with leadership, cross-functional teams, and international merchandising partners to understand and work toward company-wide sales, margin, and turn goals
- Presented seasonal trend and CAD deck along with proto samples to merchant teams and leadership during milestone meetings
- Designed a collaborative capsule collection with high-profile clients

Associate Designer

Dick's Sporting Goods
2015-2019

- Designed for two new brands, and a new category
- Created trend and CAD decks for milestone meetings
- Worked with cross-functional teams to ensure communications yielded our expected results
- Adhered to company timelines

Assistant Designer

Dick's Sporting Goods
2012-2015

- Supported Mens & Womens design teams
- Helped create seasonal trend that included color, silhouette, fabric, and print
- Helped to maintain tech packs and update sketches
